To obtain a white paper validating NCI consulting services and for more details on NCI please visit their web site at www.nci-cg.com or call NCI at (817) 722-5782

About Technology Commercialization Group

Founded in 1998, TCG serves life science companies, including medical device, pharmaceutical, and biotechnology companies from its headquarters in the Research Triangle Park region of North Carolina, USA and offices in Brussels, Belgium and Heidelberg, Germany. TCG leads and advises transactions, including licensing, strategic partnerships, distribution agreements, asset sales, financings, and acquisitions. TCG also provides interim management, when an experienced executive is needed for a critical project, to enter a new market, to develop a new strategy, or to refocus a company. TCG's approach is different from other firms in that only senior TCG partners, with over 25 years of life science industry experience, lead assignments. TCG has had developed experience in bringing European based companies in commercializing their products in the US. TCG has successfully completed dozens of life science projects and assignments.
